

Segal AmeriCorps Education Award Matching Program Institution Outreach Opportunities

As a participant in the Segal AmeriCorps Education Award Matching program, your institution is listed on our [website](#). Our members and alumni use this site to help guide their education decisions, but your school may be interested in additional ways to get the word out about your match or scholarship. To help get you started, we've put together some great ways to connect with members and alumni to share information about your educational benefits.

Connect with Local AmeriCorps Programs

Use our [state profiles](#) to find AmeriCorps programs in your area. You're welcome to contact these programs directly to learn more about providing information on your educational benefit to their members.

Attend AmeriCorps Events in Your State

Every state has a [State Service Commission](#) run by the Governor's office that provides sub-grants to AmeriCorps programs in their state. Many of these commissions host AmeriCorps "Opening Days" to welcome new Corps Members in the late summer and early fall and "Life After AmeriCorps" trainings in the spring to prepare members for the conclusion of their service. Both are great opportunities to spread the word about your match/scholarship/benefit and many commissions offer opportunities for schools to participate in panels or set up exhibition booths.

Reach out to AmeriCorps Alumni

[AmeriCorps Alums](#) is an independent AmeriCorps alumni association with active and engaged members across the country. Chapters often work with Ed Award Match program schools to host informational sessions for alumni in their area. Connect with your [local chapter](#) to learn more about this opportunity.

Participate in Post-Service Opportunity Fairs

[AmeriCorps National Civilian Community Corps](#) (NCCC) is an AmeriCorps program run directly by the Corporation for National and Community Service. NCCC is an intensive, residential national service program for 18 to 24 year-olds. Members are based out of five campuses across the U.S. and serve at four different regional sites during their AmeriCorps term. All campuses host day-long Life After AmeriCorps trainings during the year and invite employers and schools to participate in panels and trainings and set up exhibition booths. Please contact the campus staff listed below to get involved.

AmeriCorps NCCC Campus Contacts

Region	Campus Location	POC	Email	Phone
Atlantic	Baltimore, MD	Carlyn Payton	cpayton@cns.gov	410-642-2411
